

CAPTURE

Luke and Danny raced down the alleyway, ducked behind the overflowing dustbins in the darkness. “Someone’s coming” said Luke “Are you okay” “I’ve cut my leg” said Danny. “Do you think that you can walk said Luke” his throat drying out with fear. But before Danny could answer the sound of heavy footsteps echoed nearby in the alleyway. “I know you’re in there” said the man “come out now and we won’t hurt you” “no way” Luke said “I think I can move” said Danny panting to get to her feet. “okay ready” They both scrambled up and at that instant Luke said “RUN” As they did the heavy footsteps followed, out of the shadows, a frightening voice said “I’ve got you now” and closed in quickly on the limping Danny. “HELP” she said. But it was too late.
